There were no additions to the Pastor's , the Moderator's, Diaconate, Stewardship/Outreach, and the Christian Education Reports. The Facilities committee had a concern. The Budget for 2022 was approved last November. No vote was needed to approve.

Pastor Pam lead a discussion of Church Goals for 2022. We had small groups and then shared thoughts and ideas. She will use these ideas to set her goals so they are in concert with the goals of the congregation.

Ne business included the proposed revised By Laws and restrictions. There was discussion on trying to write the By Laws for who we are now as a Church. Also, on how to present the revisions to the congregation. Possibly one section at a time through the Weekly Wrangler.

No other New Business. The meeting was adjourned by Jim brown who lead the Benediction.

Respectfully summitted by Lori Floyd
